## Charm Name Bracelets

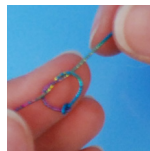

### Instructions

**1** Gather your supplies.

**5** End the design with (3) large Bi-Cone Crystal Beads and (3) small Bi-Cone Crystal Beads.

**2** Cut your Sparkle Elastic Cord to the desired length. Tie a double knot about 1 inch from one end. This will provide an anchor for the beads so they do not slip off.

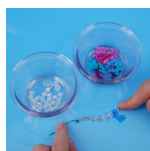

**6** Tie a double knot at the end of the cord to secure the beads.

**3** Begin threading on your beads. To complete this design, repeat the pattern as follows: (3) small Bi-Cone Crystal Beads followed by (3) large Bi-Cone Crystal Beads.

**7** Tie the two ends together to secure the bracelet.

**4** Thread (1) Alphabet Charm followed by (1) small Bi-Cone Crystal Bead. Repeat until you form a complete name

**8** Once the knot is tight, trim off the excess cord. Now you are ready to slip the bracelet onto your wrist or give the Charm Name Bracelet to a friend!
