## Monster Pencil Topper

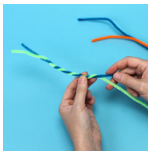

### Instructions

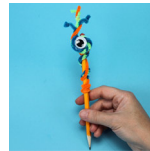

**1** Gather your supplies.

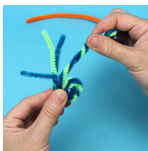

**5** Glue a large Wiggly Eye to the center of the monster's face.

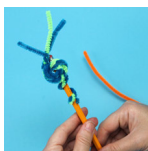

**2** Twist (2) Fuzzy Sticks together to create a twisted colored Fuzzy Stick. Once complete, wind a 3rd Fuzzy Stick around the twisted one. For our monster we coiled blue and green Neon Fuzzy Sticks together.

**6** For a "pop" color add a final Fuzzy Stick in a different color. Trim any extra material as necessary. You are now ready to use your Monster Pencil Topper!

**3** Starting about 1 1/2 inches from the top, coil your twisted Fuzzy Sticks to make a circle about the size of a quarter. This will be the head of your Monster Pencil Topper.

**4** Twist the remaining part of your Fuzzy Sticks around a pencil to secure.
