

## Styrofoam Ball Spiders

### Instructions

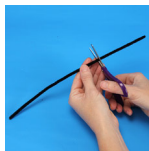

**1** Gather your supplies.

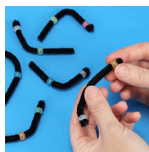

**2** Paint (1) small and (1) medium Styrofoam Ball with black Acrylic Paint. Set aside to dry.

**3** Use a Mini Wood Craft Stick to connect the (2) Styrofoam Balls. Insert one half of the stick into the large ball, then stick the small ball on the other side.

**4** Cut (8) pieces of black Fuzzy Sticks for the spider's legs.

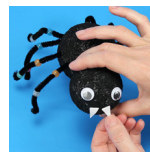

**5** Slide Glow In The Dark Pony Beads onto the Fuzzy Stick spider legs.

**6** Insert the spider legs into the large Styrofoam ball and bend slightly.

**7** Apply (2) Adhesive Wiggly Eyes onto the smaller Styrofoam ball for the eyes.

**8** Draw and cut (2) white triangle shapes from a white adhesive foam sheet. Peel and stick onto the small Styrofoam ball for fangs. Use your Styrofoam Spider as a decoration for Halloween!  
**Tip:** Make different sized spiders with different sized Styrofoam balls and Fuzzy Stick lengths!
